

Ministry of Education

## **BIG IDEAS**

Nationalist movements can unite people in common causes or lead to intense conflict between different groups. The rapid development and proliferation of communication and transportation technologies in the 20th century led to profound changes in personal and national identities.

## **Learning Standards**

The breakdown of long-standing imperialist structures created new economic and political systems.

#### **Curricular Competencies** Content Students are expected to be able to do the following: Students are expected to know the following: Use historical inquiry processes and skills to ask questions; gather, the rise and rule of authoritarian regimes interpret, and analyze ideas; and communicate findings and decisions civil wars, independence movements, and revolutions Assess the significance of people, locations, events, and developments. human rights movements, including those of indigenous peoples and compare varying perspectives on their historical significance at religious, ethnic, and/or cultural conflicts, including genocide • particular times and places, and from group to group (significance) global conflicts, including World War I, World War II, and the · Assess the justification for competing historical accounts after Cold War investigating points of contention, reliability of sources, and adequacy of evidence (evidence) migrations, movements, and territorial boundaries Compare and contrast continuities and changes for different groups interdependence and international co-operation • during this time period (continuity and change) social and cultural developments Assess how prevailing conditions and the actions of individuals or groups mass consumption and production of communication and affect events, decisions, and developments (cause and consequence) transportation technologies • Explain different perspectives on past or present people, places, issues, and events by considering prevailing norms, values, worldviews, and beliefs (perspective) Recognize implicit and explicit ethical judgments in a variety of sources (ethical judgment) Make reasoned ethical judgments about controversial actions in the past or present, and determine whether we have a responsibility to respond (ethical judgment)
